REPORTING THE NEWS FROM
YOUTH SKILLS CENTER. EVERY. SEASON.

Introducing: YSC Academy

Youth Skills Center is proud to introduce this **revolutionary** academic program for the 2011-2012 school year, bringing parents *utmost comfort, reliability, and convenience*. YSC Academy is a full-time charter school situated at Youth Skills Center’s Riverside location. The program allows for children from **kindergarten to sixth grade** (at the moment) to attend YSC Academy’s accredited educational program. Our program lets your child do much more than just **move ahead** or **catch up**; YSC Academy provides a *safe, comfortable, and reliable environment* for your child to grow *physically,*

emotionally, socially, and most of all, intellectually. We partner with parents, students, teachers, and administrators to ensure the best is always available to our community. Rest assured, our program is **fully-accredited** statewide. If, for any reason, you plan on continuing your child’s education elsewhere, you can transfer to any California public school. To learn more, log on to <http://academy.ysc5.com>. We are continuously working on updating the website. If you need more information, call us or stop by during regular business hours.

Looking Back: *Summer*

Youth Skills Center’s summer was filled with great activities, such as daily swimming, exciting field trips, and great educational crafts. Our most commemorated accomplishment to date also occurred this summer; we graduated **our first ever preschool class!** In other news, most of our preschool and school-age students received the opportunity to **learn how to swim**; some of them even progressed far enough to become intermediate or advanced swimmers. We’d like to thank Mr. Robert and Mr. Jose for their **great instruction and supervision.**
